Special Rule for Credit Card Purchases

If you have a problem with the quality of goods or services that you purchased with a credit card, and you have tried in good faith to correct the problem with the merchant, you may not have to pay the remaining amount due on the goods or services. You have this protection only when the purchase price was more than $50 and the purchase was made in your home state or within 100 miles of your mailing address. (If we own or operate the merchant, or if we mailed you the advertisement for the property or services, all purchases are covered regardless of amount or location of purchase.)

Credit Line Finance Charge Computation

The Finance Charge is computed by applying the periodic rate to the principal balance of your account each day. The principal balance is the end-of-day balance after adding any new advances and subtracting any payments or credits.
